Docket No. CP2019-211

**USPS MOTION FOR LATE ACCEPTANCE OF
FIRST QUARTERLY REPORT**
(November 25, 2019)

The United States Postal Service hereby moves for late acceptance of its first quarterly report, provided in response to Commission Order No. 5210 (issued August 26, 2019). In that Order, the Postal Service was directed to report on contract-specific volumes, costs, and workhours on a quarterly basis within thirty (30) days of the close of each quarter. The Postal Service's report was delayed because finalized RPW data were not available within the current thirty-day reporting requirement. Additionally, a costing issue was discovered in which Parcel Select Lightweight (PSLW) SCF DSCF volumes were being reported but the relevant costing logic for this PSLW option was inadvertently omitted from the model. Additional time was needed to go back and modify the report to include this omitted PSLW option. This also required modification of the relevant Excel support file (SupportGround_FY18_PSLWv2.xlsx). The Postal Service regrets the delay but submits that no party has been materially prejudiced.

Respectfully submitted,

UNITED STATES POSTAL SERVICE
